#### Firmness Ratings - Natural Latex Foam

Soft	(19-22 ILD)
Medium	(23-27 ILD)
Medium-Firm	(28-33 ILD)
Firm	(34-38 ILD)
X-Firm	(39-44 ILD)
XX-Firm	(45-49 ILD)

#### Standard Sheet Sizes - Natural Latex Foam

29.5 x 79.5 x 6 inches  
38.0 x 79.5 x 6 inches

Thickness may be sliced horizontally to any combination of thicknesses adding up to 6 inches. Each 6" sheet must be one firmness.

### Premium Wool Batting - replaces polyester batting (no gluing necessary)

This batting has a thin spun backing which is strong enough to be stapled or stitched. Standard size is 84 inches wide x 1.5" thick (lofted) - available in 1 yard increments.

Due to bulk of product, there is a 4-yard maximum that fits in one box.  
Full 18-20 yard roll available by special order.

### Organic Cotton Ticking Fabric - use with wool batting

Ticking is recommended with all wool batting applications under unbacked woven fabrics to prevent migration of wool fibers to the surface of the fabric.

General rule: order same yardage as cover fabric that will come in contact with wool. Standard size is 58 inches wide - available in 1 yard increments.
